

Nuova ASP opens a new subsidiary in Singapore

Nuova ASP is pleased to announce the recent opening of a new sales office and warehouse in Singapore to guarantee a greater market coverage and answer to the even more stringent requirements of the Asia Pacific market.

The opening of this new subsidiary is part of the international expansion plan which led the company to open new branches in the recent years especially in the Asian market, such as Malaysia, Korea and now the new branch in Singapore called Nuova ASP Asia Pacific Pte Ltd.

Nuova ASP Asia Pacific Pte Ltd will extend the coverage of the Nuova ASP Group to those countries such as Singapore, Indonesia, Australia, Vietnam, Taiwan, Philippines, which are experiencing a rapid growth.

Nuova ASP Asia Pacific Pte Ltd is staffed by experienced and qualified sales and technical individuals with a mission to provide quality and reliable solutions for the explosion products in the Asia Pacific area. The qualified technical staff has been trained and certified in Italy for drilling, installing and wiring according to ATEX and IEC Ex standards.

The Nuova ASP Asia Pacific's activities include: technical and commercial support, pre-and post-sales assistance even for large EPC projects, business development activities, strengthening of the customers relationships, oversight of the regional neighboring markets.

The office has its own large warehouse which allows the company to guarantee the supply of its products with quick and on time delivery.

The opening ceremony will be in November meanwhile the branch is already fully in operation. The Nuova ASP Asia Pacific's address is:

Focus One, 1 UBI VIEW # 01-20

About Nuova ASP

Founded in 1984, Nuova ASP designs and manufactures electrical security equipment for explosion-proof and watertight electrical plants mainly used in chemical, petrochemical and oil&gas industries.

Over the years the company established itself in the industrial plant security market where work is carried out in potentially hazardous and explosive areas with inflammable materials.

All Nuova ASP's solutions are compliant with the most important national and international standards: ATEX, IEC-EX, GOST Russia, GOST Kazakhstan, INMETRO, UL.
